c. Instead of giving a single lecture on the Support Structure, Mr. [REDACTED] has arranged for a panel consisting of himself, Joseph [REDACTED] Management Staff, [REDACTED] of Logistics, and [REDACTED] Deputy Comptroller, to handle discussion on this subject. Messrs. Baird and [REDACTED] will give separate lectures on Training and Personnel, as previously scheduled. 25X1A9a

d. The faculty has been pleased to note that several key DD/I officials, such as Mr. [REDACTED] have dropped in from time to time to audit the lectures. We welcome such high-level interest in a new program. 25X1A9a

2. Special Security Officers Orientation Course

Thirteen field security investigators, GS 12's and 13's, will attend this special 4½ day orientation course beginning on 2 November. In addition to lectures by staff members and a few visiting lecturers, the students will be given seven of the lectures prepared for the Correspondence Course, as reading assignments. This will provide us with an opportunity to evaluate the use of such lectures as a supplementary teaching method.

3. Intelligence Orientation

As of this date, 34 students are enrolled in Intelligence Orientation #42, which begins on 14 November. We anticipate a final enrollment of between 45 and 50 students.
